nurse and that she came from New Bedford, Mass. Also that she had a husband who at one time had a saloon there, but they were not living together up until the last time she knew Mrs. Lapham. She could not give me any information as to her present whereabouts or address, only that when Mrs. Lapham secured employment at the Ansonia Hotel, Mrs. Williamson made out a card on which Mrs. Lapham gave a pedigree and history about herself, a sort of reference card. She believes that the hotel should have this card at the present time. I also secured from her the address of the housekeeper in charge at that time, who is a Mrs. A. M. Carroll and her present address is 4241 Marathon Street or Avenue, Little Neck, L. I. It is her belief that Mrs. Carroll can give much information concerning Mrs. Lapham.

Respectfully submitted:

DEM
